

1. A spacecraft is freed from friction .....  
launched into space.  
(A) It  
(B) It is  
(C) After is  
(D) After it is
2. .... With their surroundings, or they  
hide in crevices for protection.  
(A) Lobsters  
(B) Lobsters blend  
(C) Lobsters blending  
(D) Because lobsters blend
3. .... a ball-and-socket joint, the elbow is  
a simple hinge joint.  
(A) While the shoulder  
(B) While the shoulder is  
(C) The shoulder is  
(D) The shoulder
4. A car has several sections with moving  
parts, ..... Of those parts is essential.  
(A) Good lubrication  
(B) Well lubricated  
(C) And good lubrication  
(D) And well lubricated
5. Bears cannot see well ..... small eyes.  
(A) Bears have  
(B) Because having  
(C) Because they have  
(D) Because of bears
6. .... at the Isthmus of Panama, so  
animals were able to migrate between  
North and South America.  
(A) A land bridge existed  
(B) When a land bridge existed  
(C) A land bridge  
(D) With a land bridge
7. .... mostly made of granite, it also  
contains some human-made materials.  
(A) The Empire State Building  
(B) The Empire State Building is  
(C) Although the Empire State Building is  
(D) Although the Empire State Building is  
built
8. Pressure differences make the eardrum  
vibrate ..... the ear.  
(A) Enters the sound waves  
(B) As sound waves  
(C) Sound waves enter  
(D) As sound waves enter
9. An optical microscope magnifies as much  
as 2,000 times, but an electron  
microscope ..... as much as a million  
times.  
(A) Magnifying  
(B) It magnifies  
(C) Can magnify  
(D) Magnify it
10. If scientific estimates are accurate, .....  
with the Earth about 20,000 years ago.  
(A) The Canon Diablo meteorite  
(B) The collision of the Canon Diablo  
meteorite  
(C) The Canon Diablo meteorite colliding  
(D) Colliding The Canon Diablo meteorite

### Bahas Inggris

1. A spacecraft is freed from friction ..... launched into space.
  - a) It
  - b) It is
  - c) After is
  - d) After it is**
2. .... Wait their surroundings, or they hide in crevices for protection.
  - a) Lobsters
  - b) Lobsters blend**
  - c) Lobsters blending
  - d) Because lobsters blend
3. .... A ball-and-socket joint, the elbow is a simple hinge joint.
  - a) While the shoulder
  - b) While the shoulder is**
  - c) The shoulder is
  - d) The shoulder
4. A car has several sections with moving part, ..... of those parts is essential.
  - a) Good lubrication
  - b) Well lubricated
  - c) And good lubrication**
  - d) And well lubricated
5. Bears cannot see well ..... small eyes.
  - a) Bears have
  - b) Because having
  - c) Because they have**
  - d) Because of bears

6. .... at the isthmus of panama,so animals were able to migrate between north an south America.
- a) **A land bridge existed**
  - b) When a land bridge existed
  - c) A land bridge
  - d) With a land bridge
7. .... Mostly made of granite, it also contains some human-made materials.
- a) The empire state building
  - b) The empire state building is
  - c) **Although the empire state building is**
  - d) Although the empire state building is built
8. Pressure differences make the eardrum vibrate ..... the ear.
- a) Enters the sound waves
  - b) As sound waves
  - c) Sound waves enter
  - d) **As sound waves enter**
9. An optical microscope magnifies as much 2,000 times but an electron microscope ..... as much as a million times.
- a) Magnifying
  - b) It magnifies
  - c) **Can magnify**
  - d) Magnify it
10. If scientific estimates are accurate, ..... with the earth about 20,000 years ago.
- a) **The canon Diablo meteorite**
  - b) The collsion of the canon Diablo meteorite
  - c) The canon Diablo meteorite colliding
  - d) Colliding the canon Diablo meteorite

## MY ANSWER

1. C. After is
2. B. Lobsters blend
3. C. The shoulders is
4. D. And well lubricated
5. C. Because they have
6. A. A land bridge existed
7. B.
8. B.
9. C.
10. C.

NAMA : VIRA YUNIZKA

KELAS : IK3A

NIM : 191910014

1. A spacecraft is freed from friction \_\_\_\_\_ launched into space.

- (A) it
- (B) it is
- (C) after is
- (D) after it is

Analisa: kita menemukan dua verbs (is freed dan launched), artinya kalimat ini harus memiliki connector untuk menggabungkan dua klausa. Ingat, setelah connector harus ada subject dan verb. Maka, **(D) after it is** adalah jawaban yang tepat di mana **after** sebagai **connector**, **it** sebagai **subject**, dan **is** sebagai **aux verb**.

2. \_\_\_\_\_ with their surroundings, or they hide in crevices for protection.

- (A) Lobsters
- (B) Lobsters blend
- (C) Lobsters blending
- (D) Because lobsters blend

Analisa: Dalam kalimat ini, kita lihat ada dua klausa (ada tanda *,* dan *or*) tetapi klausa pertama belum lengkap. Hanya ada object of preposition di akhir klausa (with their surroundings), maka kita harus melengkapi klausa itu dengan **subject dan verb**. **(B) Lobsters blend** adalah jawaban paling tepat karena **Lobsters** sebagai **subject** dan **blend** sebagai **verb**.

3. \_\_\_\_\_ a ball-and-socket joint, the elbow is a simple hinge joint.

- (A) While the shoulder
- (B) While the shoulder is
- (C) The shoulder is
- (D) The shoulder

Analisa: Dalam kalimat ini, kita menemukan tanda *,*. Artinya, ada dua klausa dalam kalimat ini yg perlu kita lengkapi dengan connector. Ingat! Jika *,* ada di awal klausa kedua, maka connector ada di awal kalimat.. Jawaban **(B) While the shoulder is** adalah jawaban yang tepat karena klausa pertama perlu **subject** dan **verb** setelah **connector 'while'**. **The shoulder** adalah **subject** dan **is** sebagai **verb**.

4. A car has several sections with moving parts, \_\_\_\_\_ of those parts is essential.

- (A) good lubrication
- (B) well lubricated
- (C) and good lubrication
- (D) and well lubricated

Analisa: Kita menemukan tanda *,* pada kalimat ini, maka kita perlu connector untuk menghubungkan dua klausa agar menjadi padu, **jawaban (C) and good lubrication yang tepat** karena klausa setelah *,* hanya memerlukan **subject untuk verb 'is'**. Good lubrication adalah noun phrase (good sebagai adjective dan lubrication sebagai kata benda/noun) yang tepat untuk berdiri sebagai subject.

5. Bears cannot see well \_\_\_\_\_ small eyes.

- (A) bears have
- (B) because having
- (C) because they have
- (D) because of bears

Analisa: Klausa pertama (Bears cannot see well) telah lengkap. Kalimat yang rumpang bisa jadi adalah connector, subject, dan verb karena ada noun (small eyes) di akhir kalimat yang tidak mungkin berperan sebagai subject apa lagi verb. Pilihan (C) **because they have** adalah yang paling tepat karena memiliki **subject 'they'** dan **verb 'have'** setelah **connector 'because'**.

6. \_\_\_\_\_ at the Isthmus of Panama, so animals were able to migrate between North and South America.

- (A) A land bridge existed
- (B) When a land bridge existed
- (C) A land bridge
- (D) With a land bridge

Analisa: Terdapat connector 'so', maka kalimat ini memiliki dua klausa. Klausa kedua sudah lengkap, ada **subject (animals)** dan **verb (were)**. Klausa pertama terlihat rumpang, hanya ada object of preposition di akhir klausa, maka kita memerlukan subject dan verb, tidak perlu connector karena sudah ada di awal klausa kedua/setelah (,). Jawaban (A) **A land bridge existed** adalah jawaban yang tepat, A land **bridge sebagai subject** dan **existed sebagai verb**.

7. \_\_\_\_\_ mostly made of granite, it also contains some human-made materials.

- (A) The Empire State Building
- (B) The Empire State Building is
- (C) Although the Empire State Building is
- (D) Although the Empire State Building is built

Analisa: Dalam kalimat ini, kita tidak menemukan connector setelah tanda (,). Maka kita perlu melengkapi kalimat ini dengan connector di awal kalimat dan juga melengkapi klausa pertama yang rumpang. Jawaban (C) **Although the Empire State Building is** adalah jawaban yang tepat karena ada **connector 'Although'**, **subject 'the Empire State Building'**, dan **aux verb 'is'** untuk melengkapi **verb 'made'**.

8. Pressure differences make the eardrum vibrate \_\_\_\_\_ the ear.

- (A) enters the sound waves
- (B) as sound waves
- (C) sound waves enter
- (D) as sound waves enter

Analisa: Kalimat ini telah memiliki klausa yang lengkap, tetapi ternyata klausa itu bukan satu-satunya klausa dalam kalimat ini karena ada kata benda (**the ear**) di akhir kalimat yang merupakan object dari klausa kedua. Maka, kita memerlukan connector, subject, dan verb untuk menyempurnakan kalimat itu. Jawaban (D) **as sound waves enter** adalah yang tepat karena memiliki **'as' sebagai connector**, **'sound waves' sebagai subject**, dan **'enter' sebagai verb**.

9. An optical microscope magnifies as much as 2,000 times, but an electron microscope \_\_\_\_\_ as much as a million times.

- (A) magnifying
- (B) it magnifies
- (C) can magnify
- (D) magnify it

Analisa: Kita lihat dalam kalimat ini terdapat dua klausa yang dihubungkan dengan connector 'but' setelah tanda (.). Namun, klausa kedua masih rumpang dan perlu dilengkapi. Klausa kedua telah memiliki subject 'an electron microscope', maka kita perlu verb yang tepat untuk melengkapinya. Jawaban (C) **can magnify** adalah jawaban yang paling tepat karena verb '**magnify**' adalah bentuk asli untuk melengkapi modal '**can**'. Selain itu, bentuk verb pada pilihan jawaban lain kurang tepat.

10. If scientific estimates are accurate, \_\_\_\_\_ with the Earth about 20,000 years ago.

- (A) the Canon Diablo meteorite collided
- (B) the collision of the Canon Diablo meteorite
- (C) the Canon Diablo meteorite colliding
- (D) colliding the Canon Diablo meteorite

Analisa: Terdapat connector 'if' di awal kalimat, artinya kalimat ini memiliki dua klausa. Klausa pertama terletak sebelum tanda (,) dan sudah lengkap. Klausa kedua terletak setelah tanda (,) tapi masih rumpang di awal klausa. Setelah bagian yang rumpang, kita lihat ada preposition 'with', berarti dalam klausa itu belum ada subject dan verb. Jawaban (A) **the Canon Diablo meteorite collided** adalah jawaban yang benar karena memiliki subject '**the Canon Diablo meteorite**' dan verb '**collided**' yang tepat.

- (C) A land bridge
- (D) With a land bridge

7. (**Although the Empire State Building is**) mostly made of granite, it also contains some human-made materials.

- (A) The Empire State Building
- (B) The Empire State Building is
- (C) Although the Empire State Building is \*(C)
- (D) Although the Empire State Building is built

8. Pressure differences make the eardrum vibrate (**as sound waves enter**) the ear.

- (A) enters the sound waves
- (B) as sound waves
- (C) sound waves enter
- (D) as sound waves enter \*(D)

9. An optical microscope magnifies as much as 2,000 times, but an electron microscope (**can magnify**) as much as a million times.

- (A) magnifying
- (B) it magnifies
- (C) can magnify \*(D)
- (D) magnify it

10. If scientific estimates are accurate, (**the Cannon Diablo meteorite collided**) with the Earth about 20,000 years ago.

- (A) the Canon Diablo meteorite collided \*(A)
- (B) the collision of the Canon Diablo meteorite
- (C) the Canon Diablo meteorite colliding
- (D) colliding the Canon Diablo meteorite

1. A SpaceCraft is freed from friction.....  
launched into space.
  - a. It
  - b. It is
  - c. After is
  - d. After it is
2. ....with their surrounding, or they  
hide in crevices for protection.
  - a. Lobsters
  - b. Lobsters blend
  - c. Lobsters blending
  - d. Because Lobsters blend
3. .... a ball and socket joint, the elbow is  
simple hinge joint.
  - a. While the shoulder
  - b. While the shoulder is
  - c. The shoulder is
  - d. The shoulder
4. A car has several sections with moving  
parts,..... of those parts is essential.
  - a. Good lubrication
  - b. Well lubricated
  - c. And good lubrication
  - d. And well lubricated
5. Bears can't see well....small eyes.
  - a. Bears have
  - b. Because having
  - c. Because they have
  - d. Because of bears
6. ...at the Isthmus of Panama, so  
animals were able to migrate  
between north and south America.
  - a. A land bridge existed
  - b. When a land bridge existed
  - c. A land bridge
  - d. With a land bridge

7. .... mostly made of granite, it also  
contains some human made  
materials.
  - a. The Empire State Building
  - b. The Empire State Building is
  - c. Although the Empire State  
Building is
  - d. Although the Empire State  
Building is built
8. Pressure differences make the  
eardrum vibrate....the ear.
  - a. Enters the sound waves
  - b. As sound waves
  - c. Sound waves enter
  - d. As sound waves enter
9. An optical microscope magnifies as  
much as 2.000 times, but electron  
microscope....as much as million  
times.
  - a. Magnifying
  - b. It magnifies
  - c. Can magnifies
  - d. Magnify it
10. If scientific estimates are accurate....  
with the Earth about 20,000 years  
ago.
  - a. The canon Diablo meteorite
  - b. The collision of the canon diablo  
meteorite
  - c. The canon diablo meteorite  
colliding
  - d. Colliding the canon diablo  
meteorite

IK2B

Bahasa Inggris 2

1. A spacecraft is freed from friction **(D) after it is** launched into space.

(A) it

(B) it is

(C) after is

(D) after it is

2. **(B) Lobsters blend** with their surroundings, or they hide in crevices for protection.

(A) Lobsters

(B) Lobsters blend

(C) Lobsters blending

(D) Because lobsters blend

3. **(B) While the shoulder is** a ball-and-socket joint, the elbow is a simple hinge joint.

(A) While the shoulder

(B) While the shoulder is

(C) The shoulder is

(D) The shoulder

4. A car has several sections with moving parts, **(C) and good lubrication** of those parts is essential.

(A) good lubrication

(B) well lubricated

(C) and good lubrication

(D) and well lubricated

5. Bears cannot see well **(C) because they have** small eyes.

(A) bears have

(B) because having

(C) because they have

(D) because of bears

6. **(A) A land bridge existed** at the Isthmus of Panama, so animals were able to migrate between North and South America.

(A) A land bridge existed

(B) When a land bridge existed

(C) A land bridge

(D) With a land bridge

7. **(C) Although the Empire State Building is** mostly made of granite, it also contains some human-made materials.

(A) The Empire State Building

(B) The Empire State Building is

(C) Although the Empire State Building is

(D) Although the Empire State Building is built

8. Pressure differences make the eardrum vibrate **(D) as sound waves enter** the ear.

(A) enters the sound waves

(B) as sound waves

(C) sound waves enter

(D) as sound waves enter

9. An optical microscope magnifies as much as 2,000 times, but an electron microscope **(C) can magnify** as much as a million times.

(A) magnifying

(B) it magnifies

(C) can magnify

(D) magnify it

10. If scientific estimates are accurate, **(A) the Canon Diablo meteorite collided** with the Earth about 20,000 years ago.

(A) the Canon Diablo meteorite collided

(B) the collision of the Canon Diablo meteorite

(C) the Canon Diablo meteorite colliding

(D) colliding the Canon Diablo meteorite

### **Soal B. Inggris**

1. A spacecraft is freed from friction \_\_\_\_\_ launched into space.

- (A) it

1. A spacecraft is freed from friction \_\_\_\_\_ launched into space.

(A) it

(B) it is

(C) after is

(D) after it is

Answer: D. after it is

2. \_\_\_\_\_ with their surroundings, or they hide in crevices for protection.

(A) Lobsters

(B) Lobsters blend

(C) Lobsters blending

(D) Because lobsters blend

Answer: B. Lobsters blend

3. \_\_\_\_\_ a ball-and-socket joint, the elbow is a simple hinge joint.

(A) While the shoulder

(B) While the shoulder is

(C) The shoulder is

(D) The shoulder

Answer: B. While the shoulder is

4. A car has several sections with moving parts, \_\_\_\_\_ of those parts is essential.

(A) good lubrication

(B) well lubricated

(C) and good lubrication

(D) and well lubricated

Answer: C. and good lubrication

5. Bears cannot see well \_\_\_\_\_ small eyes.

(A) bears have

(B) because having

(C) because they have

(D) because of bears

Answer: C. because they have

6. \_\_\_\_\_ at the Isthmus of Panama, so animals were able to migrate between North and South America.

(A) A land bridge existed

(B) When a land bridge existed

(C) A land bridge

(D) With a land bridge

Answer: A. A land bridge existed

7. \_\_\_\_\_ mostly made of granite, it also contains some human-made materials.

(A) The Empire State Building

(B) The Empire State Building is

(C) Although the Empire State Building is

(D) Although the Empire State Building is built

Answer: C. Although the Empire State Building is

8. Pressure differences make the eardrum vibrate \_\_\_\_\_ the ear.

(A) enters the sound waves

(B) as sound waves

(C) sound waves enter

(D) as sound waves enter

Answer: D. as sound waves enter

9. An optical microscope magnifies as much as 2,000 times, but an electron microscope \_\_\_\_\_ as much as a million times.

(A) magnifying

(B) it magnifies

(C) can magnify

(D) magnify it

Answer: C. can magnify

10. If scientific estimates are accurate, \_\_\_\_ with the Earth about 20,000 years ago.

(A) the Canon Diablo meteorite collided

(B) the collision of the Canon Diablo meteorite

(C) the Canon Diablo meteorite colliding

(D) colliding the Canon Diablo meteorite

Answer: A. the Canon Diablo meteorite collided

(D) Because lobsters blend

Answer: B. Lobsters blend

3. \_\_\_\_\_ a ball-and-socket joint, the elbow is a simple hinge joint.

(A) While the shoulder

(B) While the shoulder is

(C) The shoulder is

(D) The shoulder

Answer: B. While the shoulder is

4. A car has several sections with moving parts, \_\_\_\_\_ of those parts is essential.

(A) good lubrication

(B) well lubricated

(C) and good lubrication

(D) and well lubricated

Answer: C. and good lubrication

5. Bears cannot see well \_\_\_\_\_ small eyes.

(A) bears have

(B) because having

(C) because they have

(D) because of bears

Answer: C. because they have

6. \_\_\_\_\_ at the Isthmus of Panama, so animals were able to migrate between North and South America.

(A) A land bridge existed

(B) When a land bridge existed

(C) A land bridge

(D) With a land bridge

Answer: A. A land bridge existed

7. \_\_\_\_\_ mostly made of granite, it also contains some human-made materials.

(A) The Empire State Building

(B) The Empire State Building is

(C) Although the Empire State Building is

(D) Although the Empire State Building is built

Answer: C. Although the Empire State Building is

8. Pressure differences make the eardrum vibrate \_\_\_\_\_ the ear.

(A) enters the sound waves

(B) as sound waves

(C) sound waves enter

(D) as sound waves enter

Answer: D. as sound waves enter

9. An optical microscope magnifies as much as 2,000 times, but an electron microscope \_\_\_\_\_ as much as a million times.

(A) magnifying

(B) it magnifies

(C) can magnify

(D) magnify it

Answer: C. can magnify

10. If scientific estimates are accurate, \_\_\_\_\_ with the Earth about 20,000 years ago.

(A) the Canon Diablo meteorite collided

(B) the collision of the Canon Diablo meteorite

(C) the Canon Diablo meteorite colliding

(D) colliding the Canon Diablo meteorite

Answer: A. the Canon Diablo meteorite collided

Part 5

1. A spacecraft is freed from friction \_\_\_\_ launched into space.  
(A) it  
(B) it is  
(C) after is  
(D) after it is
2. \_\_\_\_ with their surroundings, or they hide in crevices for protection.  
(A) Lobsters  
(B) Lobsters blend  
(C) Lobsters blending  
(D) Because lobsters blend
3. \_\_\_\_ a ball-and-socket joint, the elbow is a simple hinge joint.  
(A) While the shoulder  
(B) While the shoulder is  
(C) The shoulder is  
(D) The shoulder
4. A car has several sections with moving parts, \_\_\_\_\_ of those parts is essential.  
(A) good lubrication  
(B) well lubricated  
(C) and good lubrication  
(D) and well lubricated
5. Bears cannot see well \_\_\_\_\_ small eyes.  
(A) bears have  
(B) because having  
(C) because they have  
(D) because of bears

6. \_\_\_\_\_ at the Isthmus of Panama, so animals were able to migrate between North and South America.
- (A) A land bridge existed
  - (B) When a land bridge existed
  - (C) A land bridge
  - (D) With a land bridge
7. \_\_\_\_\_ mostly made of granite, it also contains some human-made materials.
- (A) The Empire State Building
  - (B) The Empire State Building is
  - (C) Although the Empire State Building is
  - (D) Although the Empire State Building is built
8. Pressure differences make the eardrum vibrate \_\_\_\_\_ the ear.
- (A) enters the sound waves
  - (B) as sound waves
  - (C) sound waves enter
  - (D) as sound waves enter
9. An optical microscope magnifies as much as 2,000 times, but an electron microscope \_\_\_\_\_ as much as a million times.
- (A) magnifying
  - (B) it magnifies
  - (C) can magnify
  - (D) magnify it
10. If scientific estimates are accurate, \_\_\_\_\_ with the Earth about 20,000 years ago.
- (A) the Canon Diablo meteorite collided
  - (B) the collision of the Canon Diablo meteorite
  - (C) the Canon Diablo meteorite colliding
  - (D) colliding the Canon Diablo meteorite

1. A spacecraft is freed from friction ..... launched into space.
  - a. It
  - b. It is
  - c. After is
  - d. After it is**
  
2. .... With their surroundings, or they hide in crevices for protection.
  - a. Lobsters
  - b. Lobsters blend**
  - c. Lobsters blending
  - d. Because lobsters blend
  
3. ....a ball-and-socket joint, the elbow is a simple hinge joint.
  - a. While the shoulder
  - b. While the shoulder is**
  - c. The shoulder is
  - d. The shoulder
  
4. A car has several sections with moving parts, ..... Of those parts is essential.
  - a. Good lubrication
  - b. Well lubricated
  - c. And good lubrication**
  - d. And well lubricated
  
5. Bears cannot see well ..... small eyes.
  - a. Bears have
  - b. Because having
  - c. Because they have**
  - d. Because of bears
  
6. .... at the Isthmus of Panama, so animals were able to migrate between North and South America.
  - a. A land bridge existed**
  - b. When a land bridge existed
  - c. A land bridge
  - d. With a land bridge
  
7. .... mostly made of granite, it also contains some human-made materials.
  - a. The Empire State Building
  - b. The Empire State Building is
  - c. Although the Empire State Building is**
  - d. Although the Empire State Building is built

8. Pressure differences make the eardrum vibrate ..... the ear.
- a. Enters the sound waves
  - b. As sound waves
  - c. Sound waves enter
  - d. As sound waves enter
9. An optical microscope magnifies as much as 2,000 times, but an electron microscope ..... as much as a million times.
- a. Magnifying
  - b. It magnifies
  - c. Can magnify
  - d. Magnify it
10. If scientific estimates are accurate, ..... with the Earth about 20,000 years ago.
- a. The Canon Diablo meteorite
  - b. The collision of the Canon Diablo meteorite
  - c. The Canon Diablo meteorite colliding
  - d. Colliding The Canon Diablo meteorite

1. A spacecraft is freed from friction (**after it is**) launched into space.

- (A) it
- (B) it is
- (C) after is
- (D) after it is **\*(D)**

2. (**Lobsters blend**) with their surroundings, or they hide in crevices for protection.

- (A) Lobsters
- (B) Lobsters blend **\*(B)**
- (C) Lobsters blending
- (D) Because lobsters blend

3. (**While the shoulder is**) a ball-and-socket joint, the elbow is a simple hinge joint.

- (A) While the shoulder
- (B) While the shoulder is **\*(B)**
- (C) The shoulder is
- (D) The shoulder

4. A car has several sections with moving parts, (**and good lubrication**) of those parts is essential.

- (A) good lubrication
- (B) well lubricated
- (C) and good lubrication **\*(C)**
- (D) and well lubricated

5. Bears cannot see well (**because they have**) small eyes.

- (A) bears have
- (B) because having
- (C) because they have **\*(C)**
- (D) because of bears

6. (**A land bridge existed**) at the Isthmus of Panama, so animals were able to migrate between North and South America.

- (A) A land bridge existed **\*(A)**
- (B) When a land bridge existed
- (C) A land bridge
- (D) With a land bridge

7. (**Although the Empire State Building is**) mostly made of granite, it also contains some human-made materials.

- (A) The Empire State Building
- (B) The Empire State Building is
- (C) Although the Empire State Building is \*(C)
- (D) Although the Empire State Building is built

8. Pressure differences make the eardrum vibrate (**as sound waves enter**) the ear.

- (A) enters the sound waves
- (B) as sound waves
- (C) sound waves enter
- (D) as sound waves enter \*(D)

9. An optical microscope magnifies as much as 2,000 times, but an electron microscope (**can magnify**) as much as a million times.

- (A) magnifying
- (B) it magnifies
- (C) can magnify \*(D)
- (D) magnify it

10. If scientific estimates are accurate, (**the Cannon Diablo meteorite collided**) with the Earth about 20,000 years ago.

- (A) the Canon Diablo meteorite collided \*(A)
- (B) the collision of the Canon Diablo meteorite
- (C) the Canon Diablo meteorite colliding
- (D) colliding the Canon Diablo meteorite
