PART 6 TUGAS

1. Today, the true story of _____ at Little Bighorn remains a mystery.

- (A) Happened
- (B) it happened
- (C) what happened
- (D) what happening

Jawaban : C

2. For more than a decade, _____ that certain species are becoming scarce.

- (A) the warnings of bird-watchers
- (B) warn the bird-watchers
- (C) birdwatchers have warned
- (D) a warning for bird-watchers

Jawaban: (C)

3. Early in the eighteenth century, Halley accurately predicted when _____ of 1682 would return.

- (A) the comet
- (B) was the comet
- (C) the comet was
- (D) had the comet

Jawaban: (A)

4. No single factor explains why _____ vary so greatly among individuals.

- (A) aging affects
- (B) the effects of aging
- (C) aging has an effect
- (D) the aging effect

Jawaban: (B)

5. Lack of clarity about _____ the party in the coming year will be removed at the party's convention.

- (A) will lead
- (B) lead
- (C) they will lead
- (D) who will lead

Jawaban: (D)

6. We do not _____ the bow drill was first developed for woodworking or fire making.

- (A) whether it
- (B) know whether it
- (C) know whether
- (D) sure whether

Jawaban: (C)

7. Minute Man National Historical Park is a monument to where _____

- (A) the beginning of the Revolutionary War
- (B) in the beginning of the Revolutionary War
- (C) the Revolutionary War to begin
- (D) the Revolutionary War began

Jawaban: (D)

8. Tests on the colors of cars were conducted at the University of California to determine _____ the safest colors for cars.

- (A) which
- (B) which were
- (C) if
- (D) how were

Jawaban: (B)

9. The National Institute of Dental Research estimates _____ in fluoridated areas have about 25 percent less tooth decay than children elsewhere.

- (A) for school children
- (B) school children's
- (C) that school children
- (D) that for school children

Jawaban: (A)

10. The process of photosynthesis explains how _____ able to use the energy in sunlight to manufacture foods from the simple chemicals in air and water.

- (A) green plants
- (B) green plants are
- (C) planting greens
- (D) with green plants are
